

**OPEN POSITION
LABORATORY TECHNICIAN
REF. FIMIM 2496-POZO**

THE INSTITUTE

The IMIM is the research institute of Hospital del Mar (BARCELONA) and part of the Barcelona Biomedical Research Park (PRBB). This is an exceptional environment in which to carry out translational research, with cutting-edge technological platforms available (cytometry, animal facility, microscopy, etc.) as well a close relationship with Hospital del Mar. Access to patients and samples makes it possible to directly apply the most relevant scientific advances.

POSITION

This position is part of the Research Programme for recruiting young jobseekers who wish to become involved in research and innovation initiatives, within the framework of the Recovery, Transformation and Resilience Plan, for the year 2022 (DOGC no. 8598-3 /2/2022).

OFFER

- **Lab technician position** in the Applied Metabolomics research group, led by Dr. Oscar J. Pozo.
The Applied Metabolomics Research Group (LIMA) is a young group but with extensive experience in the development of analytical methods and their application in the field of health. Our research has led to the discovery of new metabolic pathways, disease markers and mechanisms of action linked to certain disease states.
- **24 months** employment contract.
- Remuneration of **24,300€ gross salary per year**.
- **Flexibility measures**, contemplated in the FIMIM Foundation labour regulation, will be assessed with the person in charge.

CANDIDATE REQUIREMENTS

- ✓ CFGS in laboratory analysis or equivalent.
- ✓ Experience in sample treatment for biological fluids (SPE, LLE).
- ✓ Experience in both quantitative and qualitative determination.
- ✓ Experience in chromatographic techniques.

- ✓ Experience in MS related techniques.
- ✓ Experience in data management (Integration of chromatographic peaks).
- ✓ Experience in method validation.
- ✓ At the time of hiring, the candidate will have to prove that they are under 30 years of age.
- ✓ At the time of hiring, the candidate must be unemployed and will have to be registered as a job seeker in the Servei Català d'Ocupació de Catalunya (SOC).

THE PROJECT

Development, validation and application of targeted metabolomics methods.

PRESENTATION OF CANDIDATES

Anyone interested in this offer must present a **cover letter** and **blind CV**, which should contain only information related to the candidate's academic, educational and employment data, as well as contact information and an email address.
