

**OPEN POSITION
LABORATORY TECHNICIAN
REF. FIMIM 2495-WELZ**

THE INSTITUTE

The IMIM is the research institute of Hospital del Mar (BARCELONA) and part of the Barcelona Biomedical Research Park (PRBB). This is an exceptional environment in which to carry out translational research, with cutting-edge technological platforms available (cytometry, animal facility, microscopy, etc.) as well a close relationship with Hospital del Mar. Access to patients and samples makes it possible to directly apply the most relevant scientific advances.

POSITION

This position is part of the Research Programme for recruiting young jobseekers who wish to become involved in research and innovation initiatives, within the framework of the Recovery, Transformation and Resilience Plan, for the year 2022 (DOGC no. 8598-3 /2/2022).

OFFER

- **Technician position** in the laboratory for Intercellular Communication in Cancer and Ageing, led by Dr. Patrick Welz, a young research group investigating intercellular communication networks in colorectal cancer and in ageing-related neurodegenerative diseases. The laboratory is part of the cancer research program at the **Hospital del Mar Medical Research Institute (IMIM)**.
- **24 months** employment contract.
- Remuneration of **24,300€ gross salary per year**.
- **Flexibility measures**, contemplated in the IMIM Foundation labour regulation, will be assessed with the person in charge.

CANDIDATE REQUIREMENTS

- ✓ Degree in Biology, Biochemistry or similar.
- ✓ Previous experience in **working with mice** is highly desirable (holders of an official license to work with animals will have preference).
- ✓ Ability to **communicate in English** (at least on basic level).

- ✓ Previous experience in working in a research laboratory, preferentially with **hands-on experience in cell culture, DNA/RNA/protein isolation, western-blotting, cell sorting (FACS), or immunohistochemistry.**
- ✓ At the time of hiring, the candidate will have to prove that they are under 30 years of age.
- ✓ At the time of hiring, the candidate must be unemployed and will have to be registered as a job seeker in the Servei Català d'Ocupació de Catalunya (SOC).

THE PROJECT

You will collaborate with the researchers of the laboratory to support the practical work involving animal models, cell culture, gene and protein expression analysis, multiomics, cell sorting, microscopy, etc.

PRESENTATION OF CANDIDATES

Anyone interested in this offer must present a **cover letter** and **blind CV**, which should contain only information related to the candidate's academic, educational and employment data, as well as contact information.

You can submit your application at: <https://www.imim.es/ofertes/detall-oferta-temporals.html?id=2091>
