

**OPEN POSITION
RESEARCH TECHNICIAN
REF. FIMIM 2490-DURAN**

THE INSTITUTE

The IMIM is the research institute of Hospital del Mar (BARCELONA) and part of the Barcelona Biomedical Research Park (PRBB). This is an exceptional environment in which to carry out translational research, with cutting-edge technological platforms available (cytometry, animal facility, microscopy, etc.) as well a close relationship with Hospital del Mar. Access to patients and samples makes it possible to directly apply the most relevant scientific advances.

POSITION

This position is part of the Research Programme for recruiting young jobseekers who wish to become involved in research and innovation initiatives, within the framework of the Recovery, Transformation and Resilience Plan, for the year 2022 (DOGC no. 8598-3 /2/2022).

OFFER

- **Technician position** in the Methodological and Biostatistical Advisory Unit – Scientific & Technical Services (SCT). The SCT are a variety of services with the objective of providing researchers with both scientific support and the infrastructure necessary for the various aspects of their research. The highly qualified SCT staff maintains and supports the infrastructure available and provides the researchers and users with the technical assistance and the advice needed for the optimal utilization of these resources.
- **24 months** employment contract.
- Remuneration of **24,300€ gross salary per year**.
- **Flexibility measures**, contemplated in the IMIM Foundation labour regulation, will be assessed with the person in charge.

CANDIDATE REQUIREMENTS

- ✓ Degree in Statistics.
- ✓ Strong knowledge in biomedical statistics.
- ✓ Programming skills in R and/or Stata.
- ✓ Knowledge in epidemiology and public health.
- ✓ Knowledge in Database Management Systems as well as REDCap web application.

- ✓ Fluent in spoken and written English.
- ✓ We will value knowledge of commercial statistical software: SPSS, SAS, GraphPad, etc.
- ✓ We will value experience in the area of clinical research.
- ✓ We will value experience in support to clinical researchers.
- ✓ At the time of hiring, the candidate will have to prove that they are under 30 years of age.
- ✓ At the time of hiring, the candidate must be unemployed and will have to be registered as a job seeker in the Servei Català d'Ocupació de Catalunya (SOC).

THE PROJECT

The objective of the Methodological and Biostatistical Advisory Unit is to provide methodological and statistical support to the biomedical researchers. The selected candidate will provide technical support to the different services of the Methodological and Biostatistical advisory Unit.

PRESENTATION OF CANDIDATES

Anyone interested in this offer must present a **cover letter** and **blind CV**, which should contain only information related to the candidate's academic, educational and employment data, as well as contact information.
