

RESEARCH TECHNICIAN POSITION

(Ref. 2406 - CELIÀ)

JOB OFFER:

Research technician position at Dr. Celià-Terrassa laboratory (www.celiaterrassalab.com) to start in spring/summer 2024.

Requirements:

- ✓ Bachelor Degree in Life Sciences
- ✓ Mouse Research Certificate and Experience with mouse models (highly evaluated)
- ✓ Ideally, previous experience in preclinical research laboratories

Summary of the project:

Our lab is focused on tumor heterogeneity and tumor immunity of breast cancer metastasis and immunotherapy research from the basic research to translational discoveries. We're looking for candidates to work in molecular biology techniques, mouse handling, cell culture and histological techniques.

For more information and application send us your CV to María Sanz (msanz@researchmar.net) and Toni Celià (acelia@researchmar.net).

Deadline: June 2024
